We are committed to developing our company to constantly meet the ever-changing needs of our customers, ranging from introduction of new technologies to additional training, we develop our entire area of operations with proven beneficial results to clients.

COMMUNITY

Select works with multiple partners in the community to make our operational areas a better place. We place emphasis on developing strategic links with local organizations, local Police and other stakeholders and aim to build safer communities.

Strategy and Implementation summary

The key strategy for Iconic Chamber is to build their operations and marketing around building and retail stores that are large enough to have permanent, on-site cleaners and security needs, but not so large that they can save significant money by developing cleaning and security staff in-house.

SERVICES WILL:

- Train staff well for permanent check in, cleaning, patrol, and surveillance positions.
- Use advertising and targeted lists to locate and market to these customers markets.
- Focus specifically on guard services and high-level consulting audits, while outsourcing.

KEYS TO SUCCESS

Iconic Chamber believes the keys to success in its industry include:

1. Listening carefully to client concerns and objectives to create customized cleaning and security guard packages.
2. Knowing what the client does not know (bringing deep security expertise as well as knowledge of legal regulations and liability to the table)
3. Training staff carefully and maintaining their training and certifications.
4. Monitoring the quality of cleaners and security guard service to offer quality assurance.

OUR MISSION

Make delivery of services at the doorstep as reliable as running water, everywhere, for everyone

SECURITY SERVICES

Security Services

1. CORPORATE OFFICE SECURITY

For managers of commercial properties (office buildings, warehouses, depots, etc.), we will secure your properties, assets and tenants from theft, vandalism, and personal injury. We will prevent unauthorized access to your site, and maintain fire watches. Your company will be designated as an 'Additional Insured' under our comprehensive Liability Insurance Policy.

And we make it easy for you to arrange for our service, whether you have one site or multiple sites in different geographic areas. We will assign a Security Coordinator who will be your single point of contact for all your security needs. Your dedicated Security Coordinator will handle everything.

2. CONSTRUCTION SECURITY

Iconic Chamber Construction Security can offer comprehensive construction and development security solutions for construction sites nationwide.

Our construction security solutions include manned guards based at your premises, monitoring of CCTV cameras and alarm systems and the implementation of our guard patrol monitoring system.

From groundwork's to completion, Iconic Chamber Construction Security can offer you peace of mind for the duration of your build.

Sectors we cover are:

- | | | | |
|---------------|-------------------|--------------------|--------------|
| - Residential | - Retail | - Hotels | - Offices |
| - Leisure | - Commercial | - Warehouses | - Hospitals |
| - Restaurants | - Council Offices | - Period Buildings | - Care Homes |

Our guards competent in Fire and Traffic marshalling and the intricacies of the roles. They conduct their work in an experienced way and use their observation and problem management skills to ensure your site is secure and safe.

At Iconic Chamber we use a guard patrol monitoring software to easily track our guards movements.

Our 24 hour control room require the guard to send the office a text message when they begin and end their shift, and on an hourly basis throughout their shift. The guard patrol software then accurately and effectively solves the issue of queries regarding the attendance of remote staff and lone worker issues through NFC technology.

We look forward to hearing from you and building our relationship together.

3. KEY HOLDING

Key Holding and Alarm Response is a simple and cost-effective security solution for companies wishing to secure their premises during out of office hours.

The benefit of the service is that it removes the need for any staff to respond to an intruder alert, fire or security alarm activation during the night, giving you peace of mind that your site is in safe hands. You can also provide us access to your site through our key holding service to respond to any issues while you may be abroad or unable to access your site or property.

In the event of an intruder break-in or the activation of an alarm at your premises Iconic Chamber will respond immediately, dispatching one of our local units who will possess the keys for your site and be able to enter it to respond to the alert. Our guards will then email a report to our control room which will allow us to formalise the procedure and email the report to the client.

Iconic Chamber can also offer an out of hours service for your staff if you do not wish us to hold the keys to the premises. We will meet your member of staff at the location and check the premises with them so they are not in any danger, remaining with them until the alarm is reset and the premises are secure or in event of a break in, waiting until the Police arrive.

Our 24-hour control room are available to respond to your site needs. We take all the relevant regulations and standards into consideration when storing your keys and ensure only authorised and licensed members of Iconic Chamber are able to access them.

Security Services

4. TRAFFIC MARSHALS

Iconic Chamber specialise in providing man guarding security and traffic marshals to projects and sites for a range of clients. Our commitment

to customer satisfaction and continuous feedback enable us to develop procedures that revolve around delivering high quality services to important clients.

Traffic Marshals can be used in the following areas:

- Construction sites
- Development areas
- Built-up areas
- Educational centres
- Large-scale events
- Traffic hot spots
- Car Parks
- Theme Parks
- Hotels

The traffic marshal's main role is to ensure the safety of vehicles and pedestrian traffic on the client's site and the general public. The traffic marshal uses the correct hand signals and equipment to hold traffic, co-ordinate movements and communicate with personnel through radios. They facilitate the client in providing the correct health and safety standards to the site. They assist and guide the delivery drivers in their duties of reversing and unloading in the safest way.

It is a public facing and a responsible role where the traffic marshal must:

- Maintain security surveillance, visitors log book and record deliveries
- Facilitate vehicles into and out of the site entrance
- Preserve pedestrian and traffic routes
- Managing and ensuring the safe movement of traffic in and around the site
- Ensuring visitors to site are wearing appropriate safety uniform at all times
- Monitor all visitors to the site and ensure they are authorised to enter
- Other ad-hoc requests

Iconic Chamber traffic marshals are fully trained and licenced to carry out all of the above duties and are happy and willing to go above and beyond their job description. The traffic marshals shall wear our full uniform as well a brightly coloured hi-vis jacket to ensure they remain visible throughout their shift.

Iconic Chamber pride ourselves on the high calibre and expertise of our team, and actively meet the complex needs of our customers. We encourage a collaborative relationship with clients and request feedback on a regular basis.

Security Services

We have a wide range of customers who we have successfully provided event security for. Some of these include event security in for:

- Birthday Parties
- Office Parties
- Film Launches
- Industry Events
- Museum Openings
- Sporting Events
- Art Exhibitions
- Large-Scale Events
- School/College Parties

At Iconic Chamber, we ensure our customers and clients are happy with the security service we provide them.

Event Security Staff at your service

We invest time and energy in our event security officers to train them to deal with a number of scenario situations which encourages their confidence to protect our reputation and to ensure they live up to the promises we make.

Our event security guards check and screen all visitors and guests to your event and ensure they have authorisation to be present at the event. Our event security officers pro-actively deal with any problems and carry out patrols of the entire venue. They liaise closely with your team on all issues and provide a clear and concise records throughout the event.

All of our event security guards are of highest quality and are able to work to each company's individual requirements. Our Security Guards conform to the Company's Dress Code of:

- Black Business Suit,
- Iconic Chamber Security shirt
- Iconic Chamber Security tie
- Professional identification
- High-Vis jackets

This helps them remain recognisable and ensures they conform to our rules and professionalism.

In the event that any of our officers do not meet your expectations, then please notify our office and we will endeavour to replace the guard.

Iconic Chamber take a personal and responsible role in ensuring your event is well managed, safe for its guests and staff while being value for money.

We have skilled event security guards available at short notice so please do not hesitate to contact us to arrange a meeting in your convenience, or a quote for security.

Security Services

6. DOG SECURITY

Iconic Chamber specialise in providing professional dog security services to ensure public safety and customer satisfaction to a broad range of clients and sectors.

Our licensed guards are fully trained to standards and have an accredited serviced vehicle and trained security dog too. Iconic Chamber continually train our dog handlers to the latest standards to ensure our service maintains its high standards. We research new ways we can improve our services through meetings with the correct professionals and customer feedback.

Our clients mainly choose to utilise our dog security services in situations where a large area of land needs to be patrolled and the full perimeter of the site needs to be checked. These areas can include:

- Corporate offices: Where issues cannot be resolved solely by a static guard
- Unoccupied land: Where intruders may have taken occupancy
- High-crime areas: Where the added threat of a security dog is required
- Drug detection: Where expert dog senses and handler experience is needed
- Large sites: Where the full perimeter needs to be covered

7. INDUSTRIAL & WAREHOUSES SECURITY

Iconic Chamber is an independent security company providing security guarding services and offer a broad range of personable, effective and bespoke security services to accommodate your needs.

Law breaking criminals target industrial and warehouse sites on a regular basis. Industrial sites and warehouses are a tempting target for thieves and vandals. The reasons for this are due to:

- The often-remote location of the site
- The high cost of the goods stored on site
- Long lengths of time during the weekend, bank holidays and holiday periods where the site is left unmanned
- Inability to rely on alarm systems due to the location and high value of the goods

Our guards can successfully cover the security needs of any industrial or warehouse facility. We have licensed guards that can patrol sites, monitor CCTV, respond to emergencies and set alarms. We also place numerous warning boards to hot spots on your site to create an additional visual deterrent to discourage criminals from entering the site.

Iconic Chamber will assess your site to determine what route to security coverage is required. This is a complimentary part of our service and vital to assuring how the site works and where the problem areas may be.

Security Services

8. HOTEL SECURITY

Iconic Chamber provide you with manned guarding security and comprehensive hotel security solutions for safety and security of you clients and customers and helping your guest to have a great night's sleep.

We ensure that any security officer we send to you is committed, responsible, reliable and highly competent within the hotel security industry.

Hotel premises, surrounding areas and car parks are an easy target for criminals. Vandals will be looking for any opportunity to steal guests personal belongings or car while their owners are pre-occupied. Hotel security officers are fully trained to deal and prevent with such issues.

Our hotel security team will ensure that your premises are well protected against any unauthorised access or occupation and to protect the property against damage by force of entry and theft.

We also offer an out of hours security service for your staff if you do not wish us to hold the keys to the premises. We will meet your member of staff at the hotel and check the premises with them so they are not in any danger, remaining with them until the alarm is reset and the premises are secure or in event of a break in, waiting until the police arrive.

9. RETAIL SECURITY

Iconic Chamber is an independent retail security company providing man guarding and security guarding services and offer a broad range of personable, effective and bespoke security services.

We are a business of talented, driven and passionate people who enjoy working with companies and individuals who hold the same values of people, passion, exciting future and fresh thinking. We want to achieve the best possible standards. Our key standards are:

- World-Class service;
- Clear communication;
- Commercial awareness;
- Personal Integrity;
- Healthy Working strategies;
- Technical expertise;
- Quality procedures and management;
- Presentation & Image;
- Reliability;
- Professional Attitude & skills.

Each client may be completely different from each other but we have a dedicated team to provide the same quality and consistency to all our clients and customers.

Iconic Chamber have many years experience of working in retail/store environments. We have supplied our services to a large portfolio of retail properties and have long running contracts with a number of retailers

Security Services

10. CONCIERGE SECURITY

Iconic Chamber believes that a welcoming and friendly reception service leaves a good impression to visitors and makes them feel comfortable to return. Our concierge team is compiled of highly dedicated and committed individuals who believe in providing exceptional customer care.

Our concierge security guards are licenced and checked as standard. The unique part of our concierge service is displayed through our guard's customer service skills. Iconic Chamber train our staff to treat every event, short term or long-term security requirement with the same professionalism and with equal enthusiasm.

Our guards represent the face of our company through their expert knowledge of their role, your company and our morals. They come smartly dressed each day and display how we work through the kind and polite way we train them to communicate with staff, customers and colleagues.

Combined with the expert training, our guards provide the all-round solution to your concierge or reception needs. The industries that mainly use or concierge services are:

- Apartments
- Care Homes
- Corporate offices
- Golf Clubs
- Hospitals
- Hotels
- Museums
- Sheltered Housing

What our guards do

The primary role for our concierge security guards is to secure premises and personnel by patrolling property; inspecting buildings, equipment, and access points; permitting entry to authorised personnel only. They complete this by:

- Logging details of guests and visitors to the site and maintaining full and accurate written logs.
- To check any contractor passes ensuring all are up to date and valid.
- Direct visiting vehicles and delivery vehicles to the correct area when required.
- Organise storage/re-delivery of incoming parcels/post, distribute incoming mail.
- Maintaining strict no smoking policies
- Contribute as a team member to ensure a positive customer experience for all visitors/customers.
- Inputting and accessing data from PC-based databases (Use of Microsoft Office Packages)
- Locking and unlocking the premises at specified times
- Remaining a visual deterrent to anti-social behaviour

Security Services

11. MOBILE PATROLS

Iconic Chamber have noticed a high increase in companies and private individuals taking our mobile patrol services. This service best suits businesses looking to maintain a high level of security and safety at their premises or site, but who do not have the requirement for a static security officer at all times. Our mobile patrol service is the most cost-effective, efficient alternative to the presence of a static security guard.

At Iconic Chamber, all visits to the contracted premises are computer recorded and are arranged at irregular times to avoid forming a noticeable pattern that could be exploited by criminals.

To verify the patrols have been correctly undertaken, our patrol monitoring system is installed at the premises and reports downloaded and forwarded to clients on a regular basis. The patrol monitoring system ensures efficient, reliable and cost-effective patrols are undertaken successfully.

12. FIRE MARSHAL

Fire safety is often overlooked in businesses yet is imperative to the safety of your staff and premises. Our fire marshal services are crucial to keeping your environment safe, minimising fire risks, or responding and evacuating quickly and safely in the event of a fire.

At Iconic Chamber, our dedicated fire marshals are specially trained in fire prevention and safe evacuation. Before implementing our fire marshal services, we will carefully assess your business, fire safety concerns and requirements. We will then carry out a bespoke fire marshalling solution.

At Iconic Chamber we understand the importance of choosing the right fire marshal or fire warden company for your site. We take fire seriously and move quickly to ensure your site, colleagues, occupants and general public a safe and free from harm or damage.

We pride ourselves on offering flexible and unique solutions to companies that best meet their fire issues. We can provide you with fire cover for the following sites:

- | | | | |
|----------------|----------------------|--------------------------|---------------|
| - Bars | - Cinemas | - Clinics | - Hospitals |
| - Colleges | - Construction sites | - Corporate offices | - Libraries |
| - Events | - Film Studios | - Flats | - Markets |
| - Hotels | - Leisure Industry | - New Builds | - Restaurants |
| - Universities | - Retail Units | - Private/Public Housing | - Theatres |
| - Schools | - Warehouses | - Student Accommodation | - Warehouses |

We are committed to making sure your premises are as safely guarded from the threat of fire. Our highly trained and experienced staff work to all current safety regulations and are trained to deal with a variety of situations.

5. SOFA SEAT CLEANING

Do you need to clean your sofa sets, dining seats, arm chairs, recliners and other furniture ?

Iconic Chamber will clean your upholstery by getting rid of dirt, stains and odors while protecting your furniture's fabric. Clean furniture is important for a healthy and comfortable home or business premise.

We remove allergens that cause sneezing and other allergic reactions. Proper upholstery cleaning also enhances the beauty of your furniture and extends its useful life span. Our sofa seat cleaning service offered in Nairobi, Kenya is guaranteed to add charm and beauty to your home or institution.

Iconic Chamber technicians will analyze the fabric of your upholstery and use the safest and most effective cleaning solutions, techniques, and equipment. This is important because various materials used in seat upholstery such as natural fiber, leather, polyester and vinyl need special care. Trust us to give your home in Nairobi, Kenya the freshness you deserve in just a few hours. And if you want, we will also undertake general cleaning of the rest of your Nairobi home or premise. Our upholstery cleaning services includes:

- Deep seat dust removal
- Seat Pre-spotting and stain removal
- Seat odor removal
- Special upholstery treatment especially leather seats
- Deep seat dust-down cleaning, without soaking

Deep sofa set dust-down cleaning: In some cases, your sofa set upholstery may look dusty yet is still in fairly good condition, courtesy of the often dusty conditions here in Nairobi, Kenya. Instead of full professional cleaning, you can go for dust-down care.

This entails a deep vacuum sofa cleaning process that gets rid of dry soil contaminants like dust mites, pollen, household dust and dander. Your furniture gets the needed glamour at an affordable price.

Your sofa set is an investment that needs to be properly maintained. Remember how you felt when you sat on them that first time, when they were new!

We clean your seats and restore them within a few hours.

Cleaning Services

6. STEAM CLEANING

Our Steam cleaning services uses steam vapor systems to quickly clean, and sanitize inanimate surfaces. Our process is effective enough to disinfect or even sterilize the surfaces. Our Steam cleaning services can be used for many different cleaning tasks with excellent results.

This includes cleaning tiles and grout, oven cleaning and mattress cleaning. Also it can be used for sanitising, spot cleaning and freshening carpet, rug cleaning and so much more. In addition, steam can also be used for removing chewing gum and killing bed bugs. Our steam cleaning services results are more superior clean to the old mop-and-bucket routine. It creates a hygienic, clean environment without the toxic use of chemicals!

Thus our steam cleaning services will use 'dry steam' to kill bacteria and bring tired old surfaces back to new. Thus insuring a high degree of safety to both the applicant and the surfaces being sanitized.

Iconic Chamber cleaning services equipment creates steam that reaches into the tiniest cracks and crevices. And drives dirt and germs from areas that other cleaning methods cannot reach. Surfaces are left dry immediately, which also eliminates the hazard of anyone slipping. Best of all this is done without the use of harsh chemicals.

7. CARPET CLEANING

Whether it is for your home, office, education center, restaurant or hotel, spa or sports club, or church, we know that keeping your carpets clean, in good condition and maintaining glossiness is not an easy task. Based on our experience serving clients there are various types of carpets in use such as cut pile, level loop pile, cut and loop pile, multi level loop pile, jute, and woolen carpets. These types of carpets require different cleaning methods. For whichever type of carpet you chose for your home or institution, we use the best equipment and cleaning methods to clean, shampoo, and restore its glossiness, despite the often dusty or muddy conditions. We have perfected the use of Super-Soft Care technology through which we remove all dirt and then shampoo your precious carpet without soaking or damaging its fibers. We take care of your carpet:

- Professional vacuuming
- Professional carpet cleaning:
- Pre-spotting and stain removal
- Pre-conditioning to provide optimal soil suspension
- Pre-grooming heavily soiled traffic areas to optimize deep cleaning
- Deep carpet cleaning using products that are baby and environment friendly
- Water extraction that leaves your carpet's PH balanced, clean and soft
- Carpet grooming to set pile and further assist with drying time.
- Odor removal

Cleaning Services

8. E-WASTE COLLECTION AND DISPOSAL

Every day, millions of electronic products are produced and stocked on shelves. The old products are constantly making way for the new and improved ones, but where do all of those outdated products end up? All of it has to go somewhere, and if you're a business, your approach to electronic waste management matters a great deal.

If your business is looking for electronic management solutions, Iconic Chamber is your best option.

Electronic waste, otherwise known as e-waste or e-scrap, can be any kind of electronic product that is intended for disposal. E-waste can include things like TVs, computers, cellphones, appliances, and even refrigerators. Some items like smoke detectors are technically e-waste, but they may have their own disposal category that is more specific.

Because many of the materials inside of electronic products are toxic and fall into the characteristic hazardous waste category, e-waste usually cannot be discarded with your business's municipal solid waste. Materials like lead, chromium, cadmium, and brominated flame retardants all regularly make appearances in common electronic products, and they can cause harm to people and the environment when not disposed of correctly.
